RE: Request for Waiver FRN NO: 1799090958

Anthony Public Library has seen tremendous improvement since we received E-Rate funding for fiber optic services FY 2017. We planned to continue offering same convenient services as our library is surrounded by 4 schools and one is neighboring charter school.

We applied for funding to continue with the services FY 2018 and after filling form 470 we never received an email from E-Rate to let us know the form was approved. City has been going through major change as we moved our emails from .com to .org. This changes caused for loose a lot of emails and for us not to respond to filing form 471 in time and we are hereby requesting for waiver and consideration to accept our form 471.

We are a small city and without some of this funding this is a huge challenge to maintain the services offered. We appreciate your funding and we ask for your understanding.

**Sincerely,
City of Anthony**
